Here's a gift to
give you a dose of
a reminder all the
good this surgery
has / will bring me +
why you should
never forget the
beautiful impact
you bring to the
world, especially mine.
THANK you.

Dr. Zurianrain -
I don't know if there will
ever be the right combo of
words that could truly
express my gratitude for
what your art is. I'm
sure that I also speak
for others when I say you
give people the feeling of
another chance at the
life they deserve. Having
come from being 368lbs -
I could never have
envisioned this would be
my body. You reset my
life's clock + I'm eternally
grateful. with love + appreciation
